Hi Rebecca,

Call me at (b)(6) privacy (phone #) this morning about the FRN for Pavillion.

I need a draft prepared to circulate to Bob Sussman, Lek Kadeli, Jim Martin and others this morning.

Put in July 31st as the closing date for public comments which is a six and a half month extension. This may be changed.

Also put in the rationale for extension below. This may be changed or removed.

There will be a discussion on this around noon today.

Thanks.

Gary

Subject: rationale

Rationale for extension:

use the opportunity to post additional technical information on the web such as:

- more details on how we conducted the study
- recent information from Phase V
- initial responses with additional records, if available, addressing issues commonly raised by stakeholders
